Merry Christmas

Dear co-partner, customer We would like to thank you for helping us to do charity. We decided this time we will donate some of the Christmas budget for cancer treatment foundation "The Gift of Life." This is foundation whose mission is to help cancer patients whose treatment is not considered sufficiently ‘cost-effective’ by the state at this point. We give life as a ...

NEW! Natural STONE VENEER

Natural stone veneer is thin, lightweight (0,5 – 2 mm thick) and flexible veneer, which is its biggest advantage comapre of real stone, and therefore can be used in many ways, where use of real stone does not seem to be the most rational choice. It is suitable for diferent kind of materials, for example beton, metal, plywood, MDF, blockboards, chipboards etc. Also you can use stone ...
